

# WORLD ARCHERY (WA)

## Archery

### A. EVENTS (5)

Men's Events (2)	Women's Events (2)	Mixed Events (1)
Individual Competition Team Competition	Individual Competition Team Competition	Mixed Team

### B. ATHLETES QUOTA

#### 1. Total Quota for Archery:

	Qualification Places	Host Country Places	Tripartite Commission Invitation Places	Total
Men	59	3	2	64
Women	59	3	2	64
<b>Total</b>	<b>118</b>	<b>6</b>	<b>4</b>	<b>128</b>

#### 2. Maximum Number of Athletes per NOC:

	Quota per NOC	Event Specific Quota per NOC
Men	3	For individual competitions, a maximum of 3 athletes, if the NOC competes in the respective team event, or 1 athlete if the NOC only competes in the individual event.
Women	3	For individual competitions, a maximum of 3 athletes, if the NOC competes in the respective team event, or 1 athlete if the NOC only competes in the individual event.
<b>Total</b>	<b>6</b>	

#### 3. Type of Allocation of Quota Places:

The quota place is allocated to the NOC.

### C. ATHLETE ELIGIBILITY

All athletes must comply with the provisions of the Olympic Charter currently in force, including but not limited to, Rule 41 (Nationality of Competitors) and Rule 43 (World Anti-Doping Code and the Olympic Movement Code on the Prevention of Manipulation of Competitions). Only those athletes who comply with the Olympic Charter may participate in the Olympic Games Tokyo 2020 (the "**Olympic Games**").

**Additional IF Eligibility Criteria:**

To be eligible to participate in the Olympic Games, all athletes, including those receiving Tripartite Commission Invitation Places, must have achieved the following Minimum Qualification Score (MQS) between 1st day of the World Archery Championships 2019 and 28 June 2021 by name at a WA-registered event. All events between the 1<sup>st</sup> April 2020 and 30 June 2020 (could be extended) are not valid following the decision by the World Archery Executive Board of the 30 March 2020

<b>Men</b>	70m round
640	
<b>Women</b>	70m round
605	

World Archery (“WA”) will review the scores of all entered athletes to verify that they have achieved the above-mentioned requirement. The WA Executive Committee will make the final determination on the eligibility to participate in the Olympic Games of any athlete who has not met the MQS at a WA-registered event but can demonstrate adequate proof of reaching the MQS. This process will be completed by 30 June 2021.

**D. QUALIFICATION PATHWAY****QUALIFICATION PLACES**

The qualification events described in the present section are listed in hierarchical order of qualification.

**MEN / WOMEN****Team Qualification**

<b>Number of Quota Places per Gender</b>	<b>Qualification Events</b>
<b>24 (8 teams)</b>	<b>2019 World Archery Championship (WAC)</b> NOCs of the eight (8) highest placed teams, per gender, in the WAC Team competition will earn three (3) quota places.  Should the Host Country be within the top eight (8) places, an additional team will be qualified through the Final World Team Qualification Tournament (FTQT).
<b>9 (3 teams)</b>	<b>Final World Team Qualification Tournament (FTQT)</b> NOCs of the three (3) highest ranked (*) teams, per gender, at the FTQT will obtain three (3) quota places. The FTQT will be open to all NOCs that did not qualify a team through the 2019 World Archery Championships and will be held at the end of the qualification period.  (* ) When ranked is used in the system, it is the ranking based on the final matchplay results. The top 3 ranked teams refers to the gold, silver and bronze medal winning teams of the FTQT  If the host country obtained a team place at the WAC, the fourth ranked team at the FTQT will also obtain a quota place.

	<p>If any of the three (3) NOCs that qualified three (3) quota places through the FTQT had already obtained one (1) quota place for the individual competition, this individual quota place will be added to the list of available quota places at the Final World Individual Qualifying Tournament (see below).</p> <p>In case the FWQT doesn't meet the validity requirements as outlined in appendix 1, <b>we refer to this section and the section on FTQT which will be used to allocate the places.</b></p>
--	---

### **Mixed Team Qualification**

<b>Number of Quota Places per Gender</b>	<b>Qualification Events</b>
<b>5 (5 teams)</b>	<p><b>Continental Games (CGs): Europe, Africa, Americas, Oceania, Asia</b></p> <p>NOCs of the highest placed mixed team in the Continental Mixed Team competition will earn one (1) women's and one (1) men's quota place for a total of two (2) quota places.</p> <p>Should the Host Country be winner of the Asian Games Mixed Team competition, the next-highest placed (i.e. silver medallist) will obtain one (1) mixed team quota.</p> <p><u>Replacement continental games qualifications</u></p> <p>If the mixed team archery is not on the program of a CGs, the 2 places (one for each gender) of the relevant continent will be added to the list of available quota places at the Final World Individual Qualifying Tournament (see below).</p> <p>There will be no additional specific system for the mixed team event.</p> <p>The highest ranked 16 mixed teams of the ranking round in the Olympic Games will enter the Olympic Games Mixed Team competition. The top men and women score of the countries that have athletes in both genders will be used to determine the ranking of the NOC. However, the NOCs have the right to change the composition of the mixed team up to 1 hour after the ranking round. If there is a tie for the last place (16<sup>th</sup>), a shoot off will be shot to determine the last qualified team.</p>

### **Individual Qualification**

<b>Number of Quota Places per Gender</b>	<b>Qualification Events</b>
<b>4</b>	<p><b>2019 World Archery Championship (WAC)</b></p> <p>Four (4) quota places will be allocated to the NOCs of the highest ranked athletes from NOCs which have not qualified through the team competition, with a maximum of one (1) quota place per NOC.</p> <p>For the determination of the places, WA will organise a ranking tournament during the 2019 World Archery Championship to determine the exact place by shooting a losers match-play bracket for the places 9-16, 17-32, 33-64. if necessary.</p>

3	<p><b>Continental Games (CGs) for Asia, Europe, and the Americas</b></p> <p>NOCs of the highest placed athlete in the Continental Games will each earn one (1) quota place in the relevant gender. If the NOC already obtained (a) quota place(s) in that gender a re-allocation will happen as defined below.</p> <p>Should an athlete of the Host Country be the highest placed of the Asian Games Individual competition, the next highest placed athlete will obtain the corresponding quota place.</p> <p><u>Replacement continental games qualifications</u></p> <p>If Archery is not on the programme of a CGs, the quota place of the relevant continent will be added to the list of available quota places at the Final World Individual Qualifying Tournament (see below).</p>
13	<p><b>Continental Qualification Tournaments (CQTs)</b></p> <p>If an NOC obtained a quota place at the WAC nor CG's, no athlete of the same gender from this NOC may compete at the CQT.</p> <p>Athletes from NOCs outside the defined continental area may not compete in the CQT.</p> <p>Should the Host Country be a winner of the Asian Games Individual competition, the fourth place will obtain a quota place.</p> <p>By 31 December 2018, WA will identify one (1) continental qualification tournament (CQT) in each continent. The final standings of the individual match play competition in each CQT will be used to allocate the following individual quota places:</p> <ul style="list-style-type: none"> <li>- Europe: four (4) quota places per gender;</li> <li>- Asia: three (3) quota places per gender;</li> <li>- Americas: three (3) quota places per gender;</li> <li>- Africa: two (2) quota places per gender; and</li> <li>- Oceania: one (1) quota place per gender,</li> </ul> <p>it being understood that (i) the various quota places shall be attributed to the NOC of the highest ranked athletes and (ii) an NOC shall not obtain more than one (1) quota place per gender at the CQTs.</p> <p>If the continental qualification is at a continental championship, WA rules and procedures (<a href="https://worldarchery.org/Rules">https://worldarchery.org/Rules</a>) apply (i.e. maximum of three (3) athletes per NOC) to determine the athletes eligible to participate in the continental qualification event. An additional event (with a separate match play bracket) will be held to determine the quota places unless no place has been obtained by the Continent concerned at the WAC and the number of eligible athletes is three (3) per NOC.</p> <p><u>Replacement continental qualifications</u></p> <p>If a CQT is not held in a particular continent prior to the Final World Individual Qualifying Tournament, the quota places allocated to that continent will be added to the list of available quota places at the Final World Individual Qualifying Tournament and will be allocated to the highest ranked athletes from that Continent with max one per NOC on condition that the validity criteria are met (see appendix 1 of this document) . In case they are not in the top 8 the principles used for the top 8 will be used to rank the athletes otherwise tied. If still tied a shoot-off will be organised and in case this is not possible the world ranking list prior to the FIQT will be used.</p>

	In case the validity criteria cannot be met, then the result of the last held Continental Championships will be used. If these results are not allowing to fill in the places, they will be added to the individual places of the FQT.
1	<p><b>Final World Individual Qualification Tournament (FIQT)</b></p> <p>NOCs of the highest ranked athletes per gender at the FIQT will obtain one (1) quota place.</p> <p>The FIQT will be open to all NOCs that have not obtained a quota place per gender through the other prior qualification events and will be held at the end of the qualification period.</p> <p>Each NOC can obtain up to one (1) quota place per gender at the FIQT.</p> <p>The tournament will be held in conjunction with an Archery World Cup tournament to avoid any additional costs to NOCs/Member Associations.</p> <p><b>In case the FIQT doesn't meet the validity criteria as can be found in appendix 1, we refer to the section REALLOCATION OF UNUSED QUALIFICATION PLACES and the section on FIQT which will be used to allocate the places.</b></p>

#### HOST COUNTRY PLACES

The Host Country will try to obtain qualification places through the qualification system but will automatically qualify three (3) quota places per gender, on the condition that they enter three (3) athletes per gender at the 2019 World Archery Championships.

Should the Host Country enter only one (1) or two (2) athletes per gender at the 2019 World Archery Championships, they will automatically qualify (1) athlete in the respective gender for the Individual Competitions in case they did not obtain any places through the regular qualification system.

#### TRIPARTITE COMMISSION INVITATION PLACES

Four (4) Tripartite Commission Invitation Places, two (2) per gender are made available to eligible NOCs at the Olympic Games.

On 14 October 2019, the International Olympic Committee will invite all eligible NOCs to submit their requests for Tripartite Commission Invitation Places. The deadline for NOCs to submit their requests is 15 January 2020. The Tripartite Commission will confirm, in writing, the allocation of invitation places to the relevant NOCs after the end of the qualification period for the concerned sport.

Detailed information on Tripartite Invitation places is contained in the *"Games of the XXXII Olympiad, Tokyo 2020 - Olympic Games Tripartite Commission Invitation Places - Allocation Procedure and Regulations"*.

#### E. CONFIRMATION PROCESS FOR QUOTA PLACES

Following each qualification event, WA will publish the results on its website ([www.worldarchery.org](http://www.worldarchery.org)) and inform the respective NOCs of their allocated quota places. NOCs will then have to confirm if they wish to use these quota places according to the below deadlines and as detailed in paragraph G.

**Qualification Timeline:**

- For quota places obtained at all qualification tournaments prior to the Final Qualifying Tournament, each NOC must confirm in writing (fax and e-mail are acceptable) by 1 June 2021 the number of places they will use. NOCs that have not replied by this date will lose their places. WA will reallocate the places in accordance with the process outlined in paragraph **F. Reallocation of Unused Quota Places**.
- For places obtained at the Final World Qualification Tournament, each NOC must confirm in writing (fax and e-mail are acceptable) by 2 July 2021 after FQT (*date to be added*) the number of places they will use. NOCs that have not replied by this date will lose their places. WA will reallocate the places in accordance with the process outlined in paragraph **F. Reallocation of Unused Quota Places**.

By 3 July 2021, WA will confirm the reallocation of unused quota places.

## **F. REALLOCATION OF UNUSED QUOTA PLACES**

### **REALLOCATION OF UNUSED QUALIFICATION PLACES**

#### **Priority of events**

Since certain NOCs could obtain places at World Championships as well as Continental Games and since Continental Games can take place prior to the World Championships, the following order will be respected from highest to lowest in order to allocate the various quota place:

1. World Championships,
2. Continental Games,
3. Continental Qualifiers, and
4. Final Qualifying Tournament.

This is especially important for the Asian Games which will be held prior to the World Championships. Therefore, the quota places obtained at the Asian Games will only be officially allocated after the World Championships to respect the above-mentioned order of priority.

#### **General Rules for places obtained prior to the final individual qualification tournament**

Any place that cannot be re-allocated for whatever reason will be added to the list of available quota places at the Final World Individual Qualifying Tournament.

Any place(s) (including team and mixed team) that was obtained by an athlete who commits an Anti - Doping Rule Violation prior to the final qualification tournament, will be automatically lost by the NOC concerned and will be added to the list of available quota places at the Final World Individual Qualifying Tournament.

#### **Team Places allocated at the 2019 World Archery Championships (WAC)**

If an NOC does not confirm a team by 1 June 2021, and wishes to only participate in the individual competition, the NOC has the possibility to enter only one (1) athlete in the individual competition. In that case, the NOC of the next highest ranked team at the Final Team Qualification Tournament will qualify three (3) quota places and one less quota place will be awarded at the FIQT instead of the ones initially available.

In case the NOC also refuses the quota place in the individual competition, then the NOC of the next highest ranked team at the Final Team Qualifying Qualification Tournament will qualify three (3) quota places.

#### **Mixed Team Places allocation at the Continental Games**

If an NOC wins the mixed team competition after having already obtained a place in :

- one gender, then one additional place will be allocated to the individual competition of that gender and the NOC will obtain one individual place in the other gender
- both genders, then the next highest placed mixed team will obtain a mixed team quota on condition that the mixed team finished in the top four (4) and does not have already two quota places in that gender

If an NOC does not confirm the mixed team places by 1 June 2021, and wishes to only participate in the individual competition of one gender, the NOC has the possibility to enter only one (1) athlete in the individual competition. In that case, the NOC of the next highest ranked individual of the other gender at the Continental Games will obtain a place on condition that the allocation can happen in the top 4 of the Continental Games.

If the NOC returns the two gender places, then the next placed mixed team will obtain a mixed team quota on the condition that the mixed team finished in the top four (4) and does not have already two (2) quota places in each gender. If they already have one gender the other gender will qualify as a result.

If this is not possible the place(s) will be added to the Final Individual Qualification Tournament.

#### **Individual Places allocated at the 2019 World Archery Championships (WAC)**

Any unused individual quota places earned at the 2019 WAC will be added to the total number of quota places awarded at the Final Individual Qualification Tournament.

#### **Individual Places allocated at the Continental Games**

Any unused individual quota places earned at the Continental Games will be given to the NOC of the next highest ranked athlete in the relevant Continental Games on condition that such athlete competed for a medal (top 4). If this is not possible, the unused quota places will be added to the total number of quota places awarded at the Final Individual Qualification Tournament.

#### **Individual Places allocated at the Continental Qualification Tournaments (CQTs)**

Any unused individual quota places earned at the CQTs will be added to the places to be awarded at the Final World Individual Qualification Tournament (FIQT), to the NOC of the next highest ranked athlete not yet qualified.

#### **Places allocated at the Final World Team Qualification Tournament (FTQT) and Final World Individual Qualification Tournaments (FIQT)**

Any unused quota places earned at the FQT will be reallocated to the NOC of the next highest ranked athlete(s), not yet qualified, on the WA Archery World Ranking List published the 28 June 2021. This will also apply for any place(s) obtained by an athlete that committed an Anti-Doping Rule Violation. In the event that unused quota places cannot be reallocated according to the criteria set out above, they will be allocated as additional Tripartite Commission Invitation Places.

### **REALLOCATION OF UNUSED HOST COUNTRY PLACES**

If the Host Country does not select a team, or does not enter three (3) athletes per gender at the 2019 World Archery Championships, the three (3) quota places will be reallocated to the NOC of the next highest ranked team at the Final World Team Qualification Tournament (FTQT).

If the Host Country does not select a team, and decides to only participate in the individual competition, they will be entitled to enter one (1) athlete in the individual competition and, the NOC of the next highest ranked team at the Final Team Qualification Tournament will qualify three (3) quota places and one less quota places will be awarded at the FIQT.

#### REALLOCATION OF UNUSED TRIPARTITE COMMISSION INVITATION PLACES

If the Tripartite Commission is not able to allocate a Tripartite Commission Invitation Place, it will be reallocated to the NOC of the next highest ranked athlete, not yet qualified, on the Archery World Ranking List of 31 May 2020.

#### G. QUALIFICATION TIMELINE

Date	Milestone
22 Aug – 28 Aug 2018	Asian Games (Jakarta - INA)
9 Jun 2019 - 28 Jun 2021	Period to achieve MQS
7 days after each event	WA to inform NOCs/NFs of their allocated quota places
10-16 June 2019	World Archery Championships (s-Hertogenbosch – NED)
21-27 June 2019	European Games (Minsk – BLR)
24 Jun 2019	WA to inform NOCs/NFs of their allocated quota places at the WAC
25 -30 August 2019	African Games (Rabat Morocco) - African Continental Qualification Tournament
6-11 August 2019	Pan-American Games (Lima-PER)
8-12 July 2019	Pacific Games (Apia-SAM)
22-28 November 2019	Asian Continental Qualification Tournament: Asian Archery Championships (Bangkok – THA)
March – April* 2021 tbc	Oceania Continental Qualification Tournament (Apia – Fiji)
22-28 March 2021	Pan American and Parapan American Championships (Mexico) - American Continental Qualification Tournament.
31 /May-6 June 2021	European Championships (Antalya – TUR) - Continental Qualification Tournament.
TBD*	Deadline for NOCs to submit their requests for Tripartite Commission Invitation Places
11 June 2021*	Deadline for NOCs to confirm in writing (fax and e-mail are acceptable) the number of places they will use for quota places obtained in Continental qualifying events in 2021.
11 June 2021*	Deadline for NOCs to cancel their confirmation in writing (fax and e-mail are acceptable) the number of places they will use for quota places obtained in events in 2019.
18 - 21 June 2021	Final Qualifying Tournament (Paris - FRA).
2 July 2021*	Deadline for NOCs to confirm in writing (fax and e-mail are acceptable) the number of places they will use for quota places obtained at the FQT.
In relation to end of qualification period for each sport	The Tripartite Commission to confirm in writing the allocation of Invitation Places to the NOCs.
03 July 2021	WA to reallocate all unused quota places
5 July 2021	Tokyo 2020 Sport Entries deadline
23 July – 8 August 2021	Olympic Games Tokyo 2020

\*To Be Determined

# Criteria for Validity of Olympic Quota tournaments Tokyo 2020

## QUALIFICATION SYSTEM – GAMES OF THE XXXII OLYMPIAD – TOKYO 2020

---

### General information

In order to avoid questions on the validity of the remaining Olympic Qualifications, World Archery has discussed with the IOC Sports Department a set of criteria that will be known in advance and can be applied with no interpretations so that all national delegations are aware what system is in place. The system tries to be fair but also addresses the fact that there is no perfect solution knowing the differences in the way the pandemic is affecting the world and the restrictions countries have put in place to combat the pandemic. The system as approved by the World Archery Executive Board will be sent to the IOC Executive Board Task Force for final approval.

The following elements were considered:

- All countries already had a minimum of two opportunities to qualify (World Championships, Continental Games)
- When looking at countries that are likely to participate, we have analysed the two previous Olympic cycles and the ones that tried to qualify in the current cycle. The list of countries that participated in the previous Olympic Cycles are included as appendix.

The elements that World Archery will consider as reasons a delegation cannot participate.

- Only **host** country restrictions will be considered.
- Restrictions imposed to the athletes leaving or returning from their own country are not considered to determine the status of the event.
- In terms of restrictions the requirement of providing test results or providing proof of an insurance upon arrival is not considered as a restriction.
- Restrictions would include any form of self-quarantine upon arrival beyond a time frame of one day (a one day timeframe to get test results would be acceptable).
- Restrictions would of course also include a non-allowance to enter the country for COVID reasons (not for applying too late for a Visa). If a country permits the entrance of athletes and athlete support personnel but no other officials, this will not be a restriction to impose the removal of the qualification status.

Additional elements:

- Olympic and Paralympic qualifiers will be evaluated separately as will the qualifications per gender even if conducted at the same event.
- For clarification, the host country is included in any calculation

### Continental Qualifiers that are part of Continental Championships

- The decision if a continental championships is allocating the continental title is a matter of the Continental Association and should be treated separately from the qualification tournament status. World Archery will not take this into consideration as a criteria to remove qualification status. Therefore, it is possible that the qualification tournament is maintained but not the continental championship title.

### Final Olympic qualifier and World Cup Stage Paris

The holding of the World Cup stage is a separate matter and the number of countries participating or not at the world cup is irrelevant for this calculation. Only member associations entered for the final qualifying tournament will be considered.

## QUALIFICATION SYSTEM – GAMES OF THE XXXII OLYMPIAD – TOKYO 2020

---

In case the host country cancels the event, World Archery will follow the provisions foreseen in the qualification system and in case there is no clear provision discuss with the IOC on a modification of the system.

### 1. Criteria

- Member Associations that cannot obtain places at the qualifying tournament (already have maximum number of places, do not have an NOC or any other reason) or only competing in non-Olympic or Paralympic events will not be considered.
- The closer to the event, the criteria will be less demanding since the cancellation will have a higher cost implication for the host and the participating nations and World Archery stresses that everyone already had a minimum of two chances to qualify.
- Only member associations that have respected the preliminary and final deadlines will be considered for any calculation. Late entries will not be considered, even if penalty fees were imposed.
- There must be a real competition meaning that if there are less member associations competing that there are places allocated the qualification status will be lost. To be explicit if there are less than five for the European Olympic Qualifier, less than four for the Pan-American Olympic Qualifier, less than two for the Oceania Olympic Qualifier. This criteria will overrule the calculated number below.

### 2. Calculation system

A qualifying tournament will keep its qualification status for a particular gender if:

21 days prior to the event (date of the final entries) at least 50% (rounded down to the nearest integer) of the preliminary entered countries are allowed entry into the host country without restrictions. Member associations that have not participated in a qualification tournament in either the Olympiad of London or Rio, nor have participated in a qualification tournament in this qualification cycle will not be considered.

14 days prior to the event more than 33% (rounded down to the nearest integer) of the preliminary entered countries are allowed entry into the host country without restrictions. Member associations that have not participated in a qualification tournament in either the Olympiad of London or Rio, nor have participated in a qualification tournament so far will not be considered.

7 days prior to the event more than 25% (rounded down to the nearest integer) of the preliminary entered countries are allowed entry into the host country without restrictions. Member associations that have not participated in a qualification tournament in either the Olympiad of London or Rio, nor have participated in a qualification tournament so far will not be considered.

## QUALIFICATION SYSTEM – GAMES OF THE XXXII OLYMPIAD – TOKYO 2020

---

### 3. Examples

Some examples to illustrate. However final numbers will be calculated at the time of the deadlines and therefore these are just to illustrate the system.

#### **Pan American Qualifier Monterrey (preliminary entries finished)**

Men:

- 14 countries eligible to obtain places have registered.
  - If 50% or more can attend 21 days before then the qualification status will be maintained. So, the places will be allocated if at least seven (7) countries can enter Mexico without restrictions.
  - If more than 33 % can attend 2 weeks before (4 countries or more can enter without restrictions)
  - And 25% (3 countries) 1 week before. However, in this case the criteria that these should be at least one more country than places available will apply. Therefore, four or more should be able to enter without restrictions

Women:

- 13 countries eligible to obtain places have registered.
  - If 50% or less cannot attend 21 days before then the qualification status should be cancelled. So, the places will be allocated if at least six (6) countries can enter Mexico without restrictions.
  - If more than 33 % can attend 2 weeks before (4 countries or more can enter without restrictions)
  - And 25% (3 countries) 1 week before. However, in this case the criteria that these should be at least one more country than places available will apply. Therefore, four or more should be able to enter without restrictions

#### **European Championships Antalya**

For what concerns Antalya (preliminary entries not open yet so based on 2020 entries)

- 38 countries eligible for places, 50% would be 19,
- 33% 12,
- 25% 9

#### **FQT**

- 75 eligible countries that competed in last FQT. Of these 50% would mean 38, 33% would mean 25, 18 countries for 25%

### 4. Implementation

World Archery will communicate the day after the deadline the confirmation that the event is maintained with the information available at the time of the publication and based on the official information received from the host country.
