D. QUALIFICATION PATHWAY

D.1 QUOTA PLACES

The qualification events are listed in hierarchical order of qualification

Men

Number of quota places	Qualification events
1 team (14 athletes)	IHF Men's World Championship 2023 (Poland/Sweden, 12-29 January 2023) The highest placed NOC of the IHF 2023 World Championship will obtain one (1) quota place for the Olympic Games Paris 2024. In case France as a host country will be World Champion, the quota place will be allocated to the next highest placed NOC.
4 teams (56 athletes)	Continental Qualification Events Four places will be allocated through continental qualification events.

	The continental representatives from Asia, Africa and Europe will be the NOCs of the highest ranked team at the respective continental qualification event. The continental representative from North America and the Caribbean and South and Central America will be the highest ranked NOC at a combined continental qualification event. No dedicated continental qualification event for Oceania will take place. However, the NOCs of the Continental Confederation of Oceania are invited to take part in the Asian continental qualification event. If a representative from Oceania is ranked 5th or higher at the Asian continental qualification event, the team concerned will qualify for the IHF World Championship where they have the possibility to qualify directly for the Olympic Games or the IHF Olympic Qualification Tournament. In the event that the 2023 World Champion or the host country of the Olympic Games Paris 2024 also wins the continental qualification, the NOC of the next highest ranked team of the respective continental qualification event will obtain the quota place. Continental qualification events: - Men's qualification event of the Continental Confederations of North America and the Caribbean and South and Central America: Pan-American Games, 20 October to 5 November 2023, CHI - Men's Asian qualification event, autumn 2023 (not continental championship, separate additional event) - Men's European qualification event: European Championship in GER, 12-28 January 2024 - Men's African qualification event: African Championship, January 2024																	
6 teams (84 athletes)	Men's Olympic Games Qualification Tournaments 2024 (week of 11 – 17.03.2024, details tbc) ** Six (6) quota places will be allocated through three (3) Men's Olympic Qualification Tournaments of four (4) teams. The two highest placed NOCs from each of these three (3) Men's Olympic Qualification Tournaments will obtain one (1) quota place each. The teams eligible to participate in these tournaments are selected as follows: <table><tr><td></td><td>Tournament 1</td><td>Tournament 2</td><td>Tournament 3</td></tr><tr><td rowspan="4">Teams selected through ranking at the 2023 World Championship</td><td>2nd</td><td>3rd</td><td>4th</td></tr><tr><td>7th</td><td>6th</td><td>5th</td></tr><tr><td>3rd best continent (QS 3)</td><td>2nd best continent (QS 2)</td><td>best continent (QS 1)</td></tr><tr><td>4th best continent (QS 4)</td><td>Best continent (QS 5)</td><td>2nd best continent (QS 6)</td></tr></table> <i>*QS= Qualification quota place for the IHF Men's Olympic Qualification Tournament</i>		Tournament 1	Tournament 2	Tournament 3	Teams selected through ranking at the 2023 World Championship	2 nd	3 rd	4 th	7 th	6 th	5 th	3 rd best continent (QS 3)	2 nd best continent (QS 2)	best continent (QS 1)	4 th best continent (QS 4)	Best continent (QS 5)	2 nd best continent (QS 6)

	4 th best continent (QS 4)	Best continent (QS 5)	2 nd best continent (QS 6)															

	If one (1) or more teams placed between 2nd - 7th at the 2023 World Championship have already obtained a quota place for the Olympic Games at their respective continental qualification events, the team placed 8th (or thereafter) at the 2023 World Championship will be eligible to participate in the IHF Men's Olympic Qualification Tournaments and all other teams will move one spot forward. <i>Example: If the team placed third (3^d) at the 2023 World Championship has already obtained a quota place for the Olympic Games at its continental qualification event, the team placed fourth (4th) at the World Championship will advance to the place which was originally allocated to the 3^d placed team (and consequently participate at Tournament 2). Hence, also all following teams (5th - 7th) will move one spot forward, with the spot originally foreseen for the 7th ranked team now being open for the team ranked 8th at the World Championship.</i> <i>The same system shall be applied mutatis mutandis in case several eligible teams have already qualified through their continental qualification events.</i> <u>QS 1 and 5</u> will be allocated to the highest placed continent at the 2023 World Championship. The highest ranked team (QS1) and next highest ranked team (QS5) at the respective continental qualification event not yet qualified and not yet selected to participate in the IHF Qualification Tournaments will obtain the corresponding quota place. <u>QS 2 to 4</u> are allocated to the second (QS2), third (QS3) and fourth (QS4) highest placed continents at the 2023 World Championship. The highest placed teams at the respective continental qualification event not yet qualified and not yet selected to participate in the IHF Qualification Tournaments will obtain the corresponding quota place. <u>QS 6:</u> If any team from Oceania is placed between 8th - 12th at the 2023 World Championship, this qualification quota place will be allocated to the highest placed NOC at the event in which Oceania can qualify, not yet qualified. If this is not the case, this qualification quota place will be allocated to the second highest placed continent at the 2023 World Championship, in addition to QS2. The NOC of the highest placed team at the respective continental qualification event, not yet qualified, will be allocated the quota place. *In the case of the Continental Confederations of North America and the Caribbean and South and Central America, the 'best continent' positions will be allocated based on the ranking at the respective combined continental qualification event. Example: Even though e.g. BRA (belonging to South and Central America) is the best team from North America and the Caribbean and South and Central America, the corresponding place to be allocated to the next highest ranked NOC at the combined continental qualification event might be allocated to e.g. CUB (belonging to North America and the Caribbean).

	The NOCs/NFs participating in the Olympic Qualification Tournaments, must confirm their participation in the Olympic Games to IHF in case they obtain a quota place at the same time as registering their team(s) for the Olympic Qualification Tournaments by 15 February 2024. ** The IHF is currently reviewing how to optimise the existing structure of the IHF Men's Olympic Qualification Tournaments to allocate the six (6) quota places for the Olympic Games Paris 2024.
